**TEACHER OF TECHNOLOGY  
T1-T9 (£30,000 - £46,525)  
Permanent post required for September 2024**

**Do you want to be part of the Sharples’ success story?**

Sharples School Multi-Academy Trust is an oversubscribed mixed comprehensive with 1,200 pupils on roll, situated in the North of Bolton in pleasant surroundings. The school provides stimulating and innovative opportunities for learning, transforming the aspirations and educational outcomes for all students and the local community. Sharples was judged ‘Good’ at its last inspection in 2019, with areas of outstanding practice.

This is an exciting opportunity for an enthusiastic teacher of technology to work in our forward-thinking and successful school as we strive to be outstanding in all we do. The post would be suitable for either a NQT or an experienced teacher. Sharples School provides a very successful training programme for NQTs, working closely with local teaching schools. For experienced members of the profession there are many opportunities within the school to add to their existing range of experience and expertise and lead on aspects of teaching and learning. There are opportunities for working with classes across the ability spectrum at both Key Stage 3 and 4 and to work in a pastoral role as a form tutor.

At Sharples we deliver Design and Technology to all students at KS3. In addition, we currently offer Engineering and Product Design at KS4. The technology team is housed in a well-equipped suite of rooms which provides a positive learning environment for both staff and students.

We require someone who can demonstrate and evidence: -

- excellent communication skills;
- a high level of subject expertise and an in-depth understanding of curriculum pedagogical and assessment issues associated with achieving outstanding results at both key stages;
- excellent teaching and improving student outcomes.

The key areas of responsibility will be: -

- To plan teaching to achieve outstanding progress in students’ learning;
- To set high expectations for students’ behaviour, establishing and maintaining a good standard of discipline through well focused teaching and the development of positive and productive relationships;
- To use a variety of teaching methods and resources, which sustain the momentum of students work and keeps all pupils engaged;
- To use assessment information to inform planning and maximise progress;
- To mark and monitor students work providing constructive feedback and setting appropriate targets to maximise progress.

Employees of Sharples School have access to a range of benefits including enrolment into the Teachers Pension Scheme and initiatives to benefit staff wellbeing.
